### THE DOUBLE DAM WAY

At Double Dam Golf Course and Campground we strive to elevate every aspect of your dining experience. We pride ourselves in the ability to source fresh ingredients from local suppliers, and surrounding area farmer. We also don't have a single dam microwave in our kitchen, and we never will. That is The Double Dam Way.

Double Dam Golf Course and Campground was imagined by Sherley Batke in 1989. Batke transformed a portion of his land into a nine-hole golf course. In the early 1990s the campground and nine additional holes were added and the site became a popular destination for outdoor enthusiasts and it remains a beloved fixture in the Rosalind area today.

### THE OTHER DOUBLE DAM WAY

All balls landing outside of Double Dam Property (i.e. farmer's field) are considered out of bounds and a drop must be taken with a one stroke penalty applied. Water hazards are a drop and a one stroke penalty. Otherwise if the ball is playable, play it. That's also the Double Dam Way!
